Camp Krusty

O' Camp Edition
1995

President's Welcome

The Adelaide University Science Association is the largest club on the Uni campus with a history of hellishness extending over 100 years.

The reason AUSCA has become so successful is because it offers what Uni students want: fun, friends and learning. The next few days will be ones which you will long remember, and you'll see that AUSCA is the club for you.

You will have a wild time on this camp, but with the many, many friends you will make, you can have just as much fun all year. AUSCA has many activities planned for the rest of the year, some of which are listed in this bulletin.

AUSCA is a great way for first year students to meet senior students who have done the subjects that you will be doing and thus, when you run into trouble, which is inevitable, help is always close by.

The beauty of our club is that we have the funds to make our events better. Our members work hard every February to organise the University 2nd-hand book sale. We often make profits exceeding \$6000 which we can spend throughout the year on whatever we choose.

This year is hopefully going to bring some changes. The important thing is that AUSCA is a club for students, and is run by students - that means you! The more that our members put into the club, the more they will get out of it, and all ideas are welcome. We hope then to act in our own best interest, ie careers. As well as organising our social events, with our members help, we hope to organise work experience and holiday scholarships at some of Adelaide's top research labs and companies.

So, you can see AUSCA has many things to offer. If you're looking for good times and fun events, then we've got them; and if you're looking to supplement your University course with invaluable practical experience, either in the running of an organisation, or through our contacts outside of Uni, then the chances are here.

All the best!

Jason Chatterton

Sunday 19th {!@#/%???
Its O' Camp reunion.... Freshers
first AUScA BBQ. Your chance to
join AUScA before the rush in O'
Week. For around \$10, you get fed
& beered, a 3 year AUScA
membership, and probably thrown
in the Torrens. BARGAIN!!!

51st Winery Tour
Every year for the last 50 years, Barbara Hardy, patron of our club, has invited us down to Hardy's Winery in McLaren Vale, to sample the wines and tour the plant. Come along and experience an interesting, illuminating and intoxicating day in the Southern Vales. Besides the wine, highlights include Barbara's home made cookies and the hellish bus ride home (which includes the traditional dacking of our beloved pres.). Hopefully, this year someone will remember to book a bus with windows that open, so that merry-makers can vomit out the window rather than on someone else's lap. The tour is free, the bus will cost around \$10.

HELL PARTY

As the name implies, this is the party from HELL. At the end of each academic year, AUScA celebrates the absence of study and exams for another 3 or so months, with the party to end all parties. Generally, BBQ tea is provided with all the beer/wine/cider you can drink, which makes for much joy & merriness, followed by much passing out. [I myself can testify to making love to a certain piece of pavement after one such Hell Party. Trust me, this is one function you don't want to miss...Ed.]

BREWERY TOUR....Coopers, Kent Town, Old Lion, take your pick, all it needs is someone to organise it.

Re-O

Every year, on a weekend in the mid-semester break, or early in semester 2, AUScA conducts a Re-Orientation camp (commonly known as Re-O or Dis-orientation camp). We get together out of town for the week-end and get up to all sorts of mischief. Expect to pay around \$15.

PUB CRAWL

SPEAKS FOR ITSELF REALLY, DOESNT IT?

ANNUAL DINNER

The annual dinner is a great night out, with a good venue, dinner, fantastic company and atmosphere, a guest speaker, and recognition of some of the not-too-intelligent deeds of some AUScA members, with the much feared, yet eagerly awaited MORALS REPORT.

FISHING TRIP..... A fairly casual affair... you bring your own rods, food, tents, beer and transport. Last year, it mostly involved sitting around a camp fire singing AUScA songs, and I don't think we caught any fish.....still a pretty hellish time.

O' week....

....FAARCing.... (FOUL ANIMAL ACTS ROUND CAMPUS)

A traditional AUSCa O' week event derived from Oxford University, simply take a vigorous fitness circuit, some food, a few rules, and there you have it, FAARCing.... a lot of fun and a chance for you freshers to become AUSCa legends even before you start Uni.

....Beer tasting competition....

We present contestants with a selection of premium local and imported beers with a list of names.....Contestants have to tell us what order we served them in....a lot of fun but it's not easy. It costs around \$5, which is not bad for 6 or 7 glasses of good beer.

....First Year Dinner....

For all O' Camp freshers and any of their friends, time, date place still to be decided for a jolly old nosh up....The Royal Thursday night 15 buck chuck is currently being considered.

Just a message....

AUSCa has it's own large BBQ, and we generally have several throughout the year at a variety of interesting and scenic locations. They are usually at negligible cost and a lot of fun....all they require is for someone to organise them. So if your feeling motivated..... GO AHEAD!! This is basically the message for any idea you may like AUSCa to try.... If you organise it, people will do it.

The Annual Pilgrimage to Oakbank

Involves getting up ridiculously early in the morning, a long car drive,

getting unbelievably pissed,

losing lots of money on dumb horses that won't come in, shit!

I wouldn't miss it for the world.

Your Convenors:

NAME: Karen Heilbronn

OTHERWISE KNOWN AS: Heilbronn, Kazza, Hillbronnus, K.... and I'm not telling you the rest.

DEGREE: 3rd Year Science

AREA OF INTEREST WITHIN DEGREE: Biochemistry/ Immunology/ Virology

LIKES: Kahlua, Sheridans, Gin & Squash, Beer (in that order), especially when accompanied by table top dancing, body part flashing, and comfortable staircases (in no particular order); watching people I don't like getting mooped or grooped, watching freshers reactions on Cooks Night Off.

AUSCa Songs.....

AUSCa Skull Song

Here's to(Krusty & Karen),
 They're/He's/She's true blue,
 They're/He's/She's a piss-pot through and through,
 They/He's/She's a bastard so they say,
 They/He/She tried to go to heaven, but they/he/she went the other way.

Drink it down, down, down, down.....(etc.)

What do we think of(Krusty & Karen)?
 They're/He's/She's alright,
 They've/He's/She's got small dick/tits, but they're/he's/she's alright!

Bounce Your Boobies

CHORUS: B-B-B-B-Bounce your boobies, Get into the swing
 B-B-B-B-Bounce your boobies, they're the swingiest things
 It doesn't really matter if they're big or small,
 B-B-B-B-Bounce your boobies, for one and all

Do your boobs hang low,
 Do they wobble to and fro,
 Can you tie them in a knot,
 Can you tie them in a bow?
 Can you throw them over your shoulder like a regimental soldier,
 Do your boobs hang low?

CHORUS

Do your boobs hang out,
 DO they wobble all about,
 Do they reach from East to West,
 Do they always look their best,
 Can you pass them over butter with a flutter, flutter, flutter,
 Do your boobs hang out?

CHORUS

DO your boobs hang high,
 Do they point up to the sky,
 Do they hang down when they're wet,
 Do they stand up when they're dry,
 Can you semaphore your neighbour with a minimum of labour,
 Do your boobs hang high?

BEASTIALITY'S BEST

Beastiality's best, boys

Beastiality's best (Fuck a wallaby)

Beastiality's best, boys

Beastiality's best

Stick your log up a frog, boys

Stick your log up a frog (Fuck a wallaby)

Stick your log up a frog, boys

Stick your log up a frog.

Have a screw with a 'roo, boys.....

Have intercourse with a horse, boys.....

Have a fuck with a duck, boys.....

69 with a porcupine.....

Stick your dick up a chick, boys.....

Have a blow with a crow.....

[Girls, I'm sorry...The only comeback I have for this song is in the following joke:

Q: What is the useless bit of skin on the end of a penis called?

A: The man

Ed.]

12 DAYS OF CHRISTMAS

On the first day of Christmas my true love gave to me,

A six pack in an esky

On the second day of Christmas my true love gave to me,

Two bottles of beer

and a six pack in an esky

On the third day of Christmas my true love gave to me,

Three bottles of beer

Two bottles of beer

And a six pack in an esky

Etc., etc.

There are actually heaps more songs than this, but we couldn't remember all the words to the rest.
