Business arising:

-REO:

this weekend.

\$16 both nights, \$12 one night.

Belinda and Kate been working hard.

About twenty people have said they're coming for each night. The older AUScA members will be up on Fri night, and the fresher's on Sat. Pity can't get them together.

Get maps from Kate.

(Caroline leaves, Sarah takes chair)

-CLUBS FESTIVAL:

On Lawns today and next two days for festival.

Are showing our support for clubs so they'll give us grants.

Purpose of week is to show the union that clubs are still around and have support, because if voluntary student unionism comes in they won't have money for grant.

-FORMAL DINNER:

Adam Spencer confirmed for dinner.

Are planning conference on direction of science for students. Conference is happening so that we can fly Adam down and not pay for it. (i.e. get a conference grant.) Conference 4-5 hours long.

Five hours drinking (we know we've told you this before but it's being said again!)

~\$1000 allowed for formal. May be able to have more.

Probably going with the \$38 menu:

Entrée: soup(pumpkin, potato & leek or cream of cauliflower)

Main: beef stroganoff with steamed rice
or

chicken curry with steamed rice

Desert: profiteroles (choux pastry puffs with fresh vanilla custard with rich chocolate crust served with fresh cream and stawberry garnish)

Are considering making formal dinner tickets available to AUScA members for a period of time before public, so that members don't miss out due to others wanting to see Adam.

-PUBNIGHT:

Sarah arranging

Possibly end of September

Looking into Irish pub that Michelle Krieg works at.

Treasurer's Report:

BS \$3146.68

O' \$725.90

BE \$3885.05

F \$58.99

Correspondance:

Morals:

.....stuff was said but not written down.

But hey who ever reads the minutes that I spend all this time typing.
